

## Reading Logs

Reading logs that you can download and print are a great way to track children's progress.

- **My Online Books: Student Reading Log:** Children feel a sense of accomplishment as they color in a picture for each book they read. They look forward to the next book, and they can also go back to read the Online Books for previous levels.

### **Directions:**

1. Have children read a book online and do the activities.
2. Have children color in the picture that goes with the book they read.

Name: \_\_\_\_\_
